1. Acknowledgment is made in the receipt of the amendment filed April 15, 2005.

Allowable Subject Matter

2. Claims 1-14 are allowed.
3. The following is an examiner's statement of reasons for allowance: as indicated in the remarks Tachihata et al. teach modifying a side slip angle parameter, however Tachihata et al. fail to anticipate or render obvious changing the side slip angle parameter threshold of the vehicle to a modified side slip angle parameter threshold in response to a trailer signal. Gerum et al. teach tractor/trailer combination having a brake controller that calculates side slip angle based in part upon measured tractor variables. However, Gerum et al. fail to anticipate or render obvious changing the side slip angle parameter threshold. Faye et al. teach a tractor/trailer combination in which transverse motion is indirectly adjusted through changes in the slip angle.

Any comments considered necessary by applicant must be submitted no later than the payment of the issue fee and, to avoid processing delays, should preferably accompany the issue fee. Such submissions should be clearly labeled "Comments on Statement of Reasons for Allowance."
